STAGE STAND BURNED .- A gentleman who returned from Charlotte, informs us that the Stage Stand at that place burned down a few days since. It was kept by D. W. Hendricks. No particulars

MR. Coulpock .- This talented and popular actor is now in this city. We learn that at the close of the entertainments now being given by the Campbel Minstrels, the Theatre will be opened for the Spring Season, and Mr. C. will play an engagement.

E. Wise, Union Street, presents a tempting display of goods in the Milinery line. The ladies will not fail to make a note of this.

CAMPBELL MINSTRELS .- The popularity of this company of Sable Harmonists has always been unprecedented; and at no former visit to this city have they met with a more hearty reception than they are at present receiving, as the nightly crowded house testifies. Must Peel, is the king of genuine "dandy niggers," while Newcomb can bear the same title, among t the "Old Virginny" playtotion darkies. Common Council-Regular Meeting. THURSDAY, Murch 26.

Present-Mayor Anderson, Aldermen Conger, Wilkinson, Weaver, Hayair, A. L. Davis, Fogg, Ware, Horn, Glenn, Haile, Jones, Felts, Coloman, The regular committees were called and made

their reports, which were received. By the Co'lector's report, it appears that \$1,160,50 have been collected as advanced taxes. The Collector's re port shows call sctions of \$878 38.

Various accounts were presented and allowed. Ald. Fogg made a statement in reference to the amount of fuel consumed at the Water Works, and emarked that in accordance with his request, the Engineer of the Water Works had taken an account of the amount of wood consumed there during one week, and that the consumption amounted to 34 cords per week, at the rate of 7 hours per day. This would not exceed the estimates made by the Water Works at the commencement of the municipal year, viz: 2,000 cords per annum. The statement was made in consequence of complicats about the quantity of fuel consumed at the Water Works. Ald, Felts, from the Committe on the Market House, made a report stiting the progress upon the

improvements now being made, recommending the rebuilding of the lower end like the upper one, and also suggesting that the butchers be allowed 6 feet from the pillars, instead of 4 feet as now; also several other minor recommendations, The Mayor presented the resignation of R. W.

Watson, a watchman, which was accepted. The Mayer also presented a communication from the Virginia and Tennessee Railroad Company, requesting a delegation from this city, to a Convention to be held at Bristol, Tenn,, on the 15th of April, to take into consideration certain matters in relation to trade. Ald, Fogg read the answer of the Mayor thereto, and a resolution referring the matter to the Pre-ident of the N. & C. Railroad Company. The resolution was adopted. Ald Hale, from the committee, to whom was

referred the petition in relation to the addi ion to the carpenter-shop of Wm. Pash, made a report recommending the rejection of the patition, which was received and concurred in. Ald. Fogg presented a report in relation to accepting the public park tendered to the corpora-

tion by Samuel Watkins. The report was accept-Ald, Glenn presented a petition from E. B. Franklin to put up a frame building. Granted.

Ald. Horn, presented a petition, numerously signed in relation to the building of a stable on Market street. Laid on the table. Ald. Fogg presented a perition from the Mcchanic's Institute, asking for the appointment of a committee to take into consideration the subject of

building another story to the market-house prop r, for the purposes of an Assembly Room, &c., the improvement to be made without cost to the corporation. A committee was appointed consisting of Mesers. Fogg, Horn, and Felts. . Aid. Haynie presented a petition from Thos. Turner, to build a trame addition to his house. Grant-

Ald Halle returned the petition of certain citizens of North Nashville, praying to be incorporated as the 9th ward, and recommended that the same be printed, according to law. The recommenda-

tion was concurred in. The bill to regulate the wages of persons sent to the work-house, and other purposes was taken up and indefinitely postponed. The election of a watchman was, on motion of Ald.

Haile, indefinitely postponed. All. Felts introduced a bill to allow the butchers to occupy six feet from the centre of the Markethouse, instead of four, as now. Passed two read-

WRITING

A LL who wish to avail themselves of Mr. DOLBEAR's instructions in Writing should do so without delay, as Mr. D.'s stay in the city is but limited. Those who wish to know the permanent advantage of his instructions should inquire of those whom he taught 13 years since in this place. Parents, Ladies and Gentlemen Are invited to call and examine the rapid Improvement of

those who are now receiving lessons. LADIES In a few lessons learn to write with ease and elegance. than when marriage or other causes separate fami

No where do Lailes feel the want of facility in writing more of this facility often causes families to become estranged from each other, because a still, cramped hand renders that an intelerable task, which would otherwise be a pleasure. The following remarks of the Hon. T. H. Benton are very

appropriate:

Washington Cirv, June 26, 1848.

Sin: Considering a good hand-writing to be not only an accomplishment, but a means of success to every man engaged in bosiness, I greatly applaud agair meritorious exertions to improve the chirography of the age. A gentleman or a lady either who writes badly, never writes willingly; and consequently fail often to write when they should; and and consequently fall often to write when they should, and when they do write, it is done at the last moment, with haste and impatiance, and consequently with faults of all kinds, often committing and injuria, both the writer and the cause which he advocates. Wishing you every success in your landable undertakings, I remain yours, respectfully, THOS. H. BENTON.

PARENTS Are invited to contrast the easy facility of chi'dren 6 or 8 years of age, after a few lessons from Mr. D., with the stiff, cramped style of those twice their age, who have been 6 or s years learning in the common method, and then judge which is the cheapest and best method, CHILDREN

Should begin writing at an early age. The ease and free-dom acquired from Mr. D.'s instructions are never lost, as can be secretained from many families in this place who have CLERKS

Who write an inferior style can hardly expect to get the best

And professional gentlemen are often four hours in doing what soults in writing would enable them to do in one.

PIANOS & MELODEONS.

G. W. KIBBEE,

W HO has been for many years located in Tennessee as a Tuner and Revairer of Pianos, would respectfully call the attention of the musical public to the fact, that he visited New York last year for the purpose of making arrangements with the best Piano Forte makers to sell their Instruments. After spending several weeks in that great metropolis, visiting the different manufacturers of note, he came to the cooclusion—and who might be judge in this case if a Tuner of twelve years is no?—that the Planon of of Lighte, Newton & Bendbury's should be preferred to all of Lighte, Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, wherever he is enabled to furnish Planos at retail cost in New York, treight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers the uselves if he were to visit them in person. This flowe is making twenty Planos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both inside and out, the proof is that they stand wholly unrivalled. These Planos were awarded the first premium by the juries of the World's Fair and the Fair of the American festivate in 1833. Among he many Musicians and Amateurs who have from time to time examined these Instruments, testified to their superiority, and recommended them ments, testified to their superiority, and recommended them to their friends, are Lowert Mason and Thos Hastiston, of the Politary world-wide calebrity, H. C. Then, President of the Philharmenic Seciety, N.Y., Thermon Edwinds, conductor of the
Philharmonic Seciety, N.Y., General Edwind, in 1994. J. Leart, U. C.
Hill, F. H. Nash, Fdward Hows, Jr., &c., &c.
Gro. J. Wenn, of Boston, the well known and popular
Teacher and Composer, after examining these instruments
and testifying to their eatire apperiarity, opened a House
in Boston, the central print of the once sensumed Chickering, and within a short time sold upwards of Forty Plance
to his music 1 friends and acquaintances, many of them of
the highest tyle and finish—4500 or \$700.

This is the first New York Plane Agency ever established
in Seaton. This is the first New York Piano Agency ever established in Station.

Gen. P. Briterow, of New York, the distinguished composite, Organist and Pianist, was authorized by the New York Harmonie Seniety to select the best Piano that could be made for their use. He gave the preference to Lighte, Newton & Bradbury's "large scale" over all others Grand's not excepted, and purchased one for the use of the Society. But Mr. Kinner deems it unnecessary to multiply words to the people of Middle Tennemes. The fact, that he has been for many years a uncessful Tuner among them, and has most with, and Tuned and Rayaired Pianou of evory make, should itspire confidence in his judgment; and the fact that he regularly visits them twice a year would show that it is more to his interest to any other dealer. As to the price has and quality of those Funce, Mr. Kinner exhibits the price list and description of the Makers, which contains inventy different styles at prices, ranging from \$250 to \$500, at their Ware Rooms, No. 421, Broome rareet, New Yory. So there can be no deception practiced with reference to price or sayle of finish, all heads the firm a second contains in the price of the second of the prices and prices are not proved in the price of anyle of the prices. Planous are not oven until selectore, and he is authorized by Messer, Lighte, Newton & Bradbory to give warrantspired all their Planous nood by him.

Mr. Einself also visited the well known Malodeen Estab-

moid by him.

Mr. Alment also visited the well known Melodeon Establishment of Carkart, Needham & Co., No. 97, Rest Shi St., New York, and made an arrangement with them to farmish Melodeons, so that he can sell them at their New York retail prices , fruight added, These luxframents have become very popular in the Eastern and Narth-Western States, and truly deserve the solice of all these who are

GROVER & BAKER'S FAMILY SEWING MACHINES,

Promotes the leisure, health and happiness of home OFFICES: No. 71%, Public Square, Nashville, Ten-No. 18 Summer Street, Boston. No. 161, Chesnut Street, Philadelphia.

Reason why this Machine is Universally Preferred over All Others.

1 Because it is the only Sewing Machine in the world ever invented, so constructed as to fully meet the demands of families for general

2 It is very simple and is never liable to get out of order. 3 It makes a seam which will not rip, though every third stitch is cut. 4 It is not a Shuttle Machine.

5 It sews with two needles, making any ength stitch desired. 6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of speois, to all varieties of work. 7 The same Machine runs silk or linen

8 This Machine will sew in the sleeves of coat with the same ease and facility that it sews a straight seam. 9 This Machine can be run to make one thousand five hundred stitches per minute. 10 The seams are as elastic as the most elastic fabric, so that it is free from all liability to
